

## TwinLuxe - Guys, you should be doing this

NOVEMBER 8, 2015

So here is the deal. If you are going to have a beard, and let it grow like your a lumberjack hiding out his life in the forest then this is not for you. If you are most other men, including myself, please keep it clean. No I'm not referring to sex, I'm referring to your neck and on your face.

Just like any type of "Beard Care" there is the "Around the beard care" This includes trimming and shaving your neck, and maybe a bit on your face.

We know the key now a days to a great looking beard it a great oil, and at this point if you aren't using one, maybe it's time to check out Uncle Peters Man.

When it comes to the care taken for your grooming I love the line from [TwinLuxe](#), specifically the **renewing face wash and scrub**, and the **soothing face balm**.

**No using body lotion or Nothing on your face:**

SOOTHING FACE BALM

The face balm has "soothing botanical blend to hydrate and nourish without clogging pores. Dual-functioning also as a daily, long-lasting, and gentle non-greasy facial moisturizer that provides a refreshing boost to battle the look of fine lines and inflammation, while restoring healthy, glowing skin"

This one is key for after shave care and also just as a daily moisturizer so if you are like me, you want it to stay pretty basic if possible.

**Pass over the bar soap and stop using it on your face:**

RENEWING FACE WASH & SCRUB

"Gentle microbeads in the softening formula exfoliate the skin, smoothing away roughness. Unclogged, exfoliated skin is the key to a close shave and this product removes dirt and excess oil to promote glowing, fresh skin."

The wash keeps away all the dead skin, thus it keeps you looking good. I found this product also was great for washing my beard, that sounds funny.

So when it comes to taking care of your beard or your look in general, it's easy to keep it simple with just a few key products. No need to thank me, seeing your healthy faces will be thanks enough.
