TWINLUXE

TWINLUXE sent over an amazing shaving skin care essentials kit that I must say had all of the best stuff I've used for shaving so far. I've never had a kit JUST for shaving so I definitely felt pampered! The shaving cream was smooth and after the shave I had a really great face balm that left a tingling clean sensation. I must say my favorite part of the package was the booster serum. With the stress of school, acting, auditions, filming and balancing this crazy awards season's events, I've definitely broke out with a lot of stress pimples but with this application of booster serum all around my face, It is definitely calming the redness. Lets see where it goes form here!

THANK YOU TWINLUXE

To get an amazing shave and to try out this great booster serum, check out www.twinluxe.com
