AND TOYS

## Gear for Guys

**1. BUSHNELL VISIONARY** Use your phone to see farther with the **VISIONARY 10X**—a smaller but more powerful model you'll always use without. Through our app, you can set distances, adjust zoom, flip through slides, and you can still use your camera in the traditional pinwheel design.

**2. TIGER LIGHT** When you're on the water, pack these handheld flashlights you'll use whenever you need. In fact, **TIGER LIGHT** flashlights are built for you, built about the width of your hand. It's the world's narrowest flashlight, and the perfect addition to your kit.

**3. BUSHNELL VISIONARY** Use your smartphone for a cycling tour without carrying an extra flashlight or camera, or make sure you're always ready for anything that's a little bit off the beaten path.

**4. A. B. CO. SKINCARE** Give your skin the care it deserves with **A. B. CO. SKINCARE**. The lightweight formulas in **Shower Milk**, **Day Cream**, and **Night Cream** are perfect for your skin.

**5. BUSHNELL VISIONARY** Take your vision to the next level with the **VISIONARY 10X**. This is the only binocular you'll ever need for the road, the office, the gym, or the beach. It's the only binocular you'll ever need for the road, the office, the gym, or the beach. It's the only binocular you'll ever need for the road, the office, the gym, or the beach.
