Lefroy Brooks Belle Aire Basin Faucet

In an effort to capture the classic sleekness of the 1950s, Brooks has designed chrome fittings for the adventure-minded gentleman's vanity. Every time you turn on your faucet, you are flung into your youthful past of model airplanes and a time when the sky was the limit and adventure awaited. 1001 Nights Lighter

S.T. Dupont has been producing lighters as symbolic gifts for royalty and diplomats since 1952. Adorned in precious silver, palladium, and lacquer, lighters have taken the place of tiaras and jewels, practical tokens of good will. The new limited-edition 1001 Nights lighter is a tribute to Eastern literature, featuring a midnight blue lacquer dusted in gold powder giving the illusion of a celestial vault crowned by stars.
