TwinLuxe Luxury Men's Shaving and Skincare

TwinLuxe is a luxury men's shaving and skin care line but that doesn't mean to stop reading ladies. This stylish line tempted me because of their sleek packaging. I love how simple and chic they look without trying too hard. I am so glad I tried the **Renewing Face Wash and Scrub** (\$38.00). This is a product that both men and women can use. It contains fine microbeads that help exfoliate your skin leaving it soft and smooth. For men it helps you not get ingrown hairs in your face. Let me start with the scent, it's fresh and clean. It made me feel like I was in a spa, it's a soft and light scent that both men and women will enjoy. It also contains pearl powder which helps tone your skin and even out your skin tone amongst other key ingredients.

TwinLuxe was started by 2 brothers who are identical twins and wanted to create the feeling of a luxury shave at home. The packaging is sexy and elegant, it didn't surprise me to learn that Marek Djordjevic designed it. If you aren't familiar with Marek Djordjevic name he designed the exterior of the Rolls-Royce Phantom. It doesn't get more luxurious than that.

Ladies this line makes a great gift (maybe you just want a product you can share) for the men in your life and gentlemen you need this for your bathroom. They look nice in your bathroom and when you have a sleepover you'll have products that ladies will want to use (if I saw this I might just want to stay another night). It's a win-win.

Do I love it or leave it?
