Five Ways to Tame Your Beard

Fact: it's freezing out. Fact II: freezing temps are the perfect time to grow a beard. So if you've outfitted yourself with a natural face mask—or even just kept a happy soul patch—here are a few means for managing your whiskers. All about maintenance, people.

TwinLuxe Anthracite Shaving Kit

You Require: A serious razor. F1-racing-serious.

You'll Receive: A minimalist shaving setup housed in a beautiful walnut wood box. Plus, the brush and razor are coated with the same wear-resistant material used on F1 race cars. Good news, should you be a fast shaver.
